Support and advice

Nyföretagarcentrum | www.nyforetagarcentrum.se

Nyföretagarcentrum currently has a presence in over 200 municipalities across Sweden. One in ten businesses in Sweden get their start through Nyföretagarcentrum and more than 250,000 have been launched over the years. They can offer you advice and support on things such as drawing up a business plan, and they can provide you with a mentor.

Stockholm Stad Företagsservice | foretagsservice.stockholm

Starta Eget Stockholm is a service which offers lectures, workshops and free, tailored counselling and advice to entrepreneurs starting their own business.

Freelancer invoicing platforms (complete assignments and invoice without your own company)

Facts

Swedish Companies Registration Office (Bolagsverket) | www.bolagsverket.se

Starting your own company should be simple. The process should be quick and everything right. That is why we offer information and digital services to help budding entrepreneurs.

Verksamt.se | www.verksamt.se

Read more about how to start and run your own company and submit a request to start your business.

Swedish Customs Service (Tullverket) | www.tullverket.se

If you are going to export products

Swedish Intellectual Property Office (Patent och Registreringsverket) | www.prv.se

Swedish Agency for Economic and Regional Growth (Tillväxtverket) | www.tillvaxtverket.se

Finances

Swedish Tax Agency (Skatteverket) | www.skatteverket.se

Are you considering starting your own business? Perhaps you have started already and have questions about VAT, tax returns, bookkeeping or hiring staff? Or maybe you want to wind up your business? The Swedish Tax Agency (Skatteverket) can help.

Arbetsförmedlingen | www.arbetsformedlingen.se

If you are a jobseeker and in the right position to start your own business, you may be eligible for a start-up grant – i.e. support to start your own business. The support is paid out over six months.

Links to studies

Arbetsförmedlingen | www.arbetsformedlingen.se

Here you can find some information on short labour-market-training courses if you would like to pursue further study and training.

Swedish Council for Higher Education (UHR) | www.studera.nu

Among other things, the UHR:

- coordinates college admissions
- facilitates international exchanges, skills and competency development and internships abroad
- provides support and information to prospective university and college students
- assesses foreign qualifications
- is responsible for the scholastic aptitude test

Yrkesutbildningar.se | www.yrkesutbildningar.se

Search for and compare vocational and professional training courses.

Swedish Board of Student Finance (CSN) | www.csn.se

Student finance for transition and retraining is a new kind of student finance for adults who have already entered the labour market. You can use it to study and broaden your competencies to improve your employability either by further developing within your existing area or starting down a new path.
